

Health & Safety Report
Bell Unifor 723M Co-Chair - Marco D'Aloisio
marcod@unifor723m.org

February 28, 2022

Masking:

A formal request was submitted in January 2022 requesting individually wrapped masks, that are being provided by security. If this is not possible, a request was made for masks to be given to employees with tongs, so that employees do not grab the masks themselves from the provided box, for sanitary reasons. HR said they were going to re-evaluate to see if they can improve this method and process of providing medical grade masks to employees as needed. No update so far regarding this.

Investigations:

There is one pending investigation regarding an employee who was injured (outside) while working this past winter. No update yet on when this will take place.

Meetings:

Health and Safety Committee has agreed that starting March 30, 2022, meetings, when they occur, will take place on the last Wednesday of the month at 11am and will be online.

Inspections:

The inspection schedule for this calendar year has been finalized. There is also a new inspection form that can be used and accessed via mobile devices.

Any updates from the next H&S meeting (March 2, 11am) can be discussed at our next Eboard meeting (March 2, 6pm)
